Kai Silva

kai.silva@example.com | (555) 022-2500 | New York, NY

Professional Summary

Machine Learning Engineer with 4 years of experience building semantic search services with PyTorch and Python.

Skills

Python, Machine Learning, PyTorch, NLP, Kubeflow, CUDA, AWS SageMaker, RAG

Professional Experience

Machine Learning Engineer, Evergreen Bank (2022 - Present)
- Owned the recommendation model end to end with Python, CUDA and RAG.
- Introduced RAG on the document classifier team, contributing to a 31% increase in model accuracy.
- Rebuilt the model serving platform on PyTorch, delivering a 34% reduction in GPU cost.

Academic Background

B.Tech Computer Science, Purdue University, 2021
