Tomas Hughes

tomas.hughes@example.com | (555) 027-7859 | London, UK

Professional Summary

Junior Machine Learning Engineer with 2+ years of experience, specialising in NLP, Machine Learning and Python.

Skills

Python, Machine Learning, PyTorch, NLP, Deep Learning, Kubeflow, Docker

Experience

Junior Machine Learning Engineer, Brightside Labs (Jan 2024 - Present)
- Introduced Kubeflow on the recommendation model team, contributing to a 15% reduction in GPU cost.
- Owned the semantic search service end to end with Machine Learning, Deep Learning and Docker.

Personal Projects

Semantic search service (personal project) - built with Python and Deep Learning; open source on GitHub.
Hackathon winner: prototype image tagging pipeline using Python in 48 hours.

Education

M.S. Electrical Engineering, Georgia Institute of Technology, 2024
